NEIGHBORHOOD OF ETNA ABANDONED BY INHABITANTS

Volcano is Breaking All Records For Duration of Eruption.

Lava Threatens to Demolish Two Towns.

ROOSEVELTS REACH NAPLES.

Catania, April 2.—The fall of ashes from Mt. Etna daily, and increasing the activity of the volcano shows no signs of ceasing. It probably will break all former records. A continuation of the flow a few more days will engulf villages of Morello and Bell Passo. The roar of the volcano has driven all inhabitants with 20 miles, distressed. Many are hysterical.

Roosevelts at Naples.
Naples, April 2.—Cabinet Roosevelt arrived today. He was welcomed by Ambassador Lelmann, Consul Crownsfield and municipal officials. He was cheered by the crowd. Naples being the hottest of the Black land, a cordon of police guards the colonel at the Excelsior hotel. His first action was to denounce a fake interview printed by a Naples newspaper. Mrs. Roosevelt and Ethel will make a shopping tour of the city. Roosevelt devoted his morning to his mail.

Thieves Steal Bacon.
Forced to desperation by the high cost of living, thieves seized upon a side office window of the Hammond Packing company, 110-112 Washington street, sometime last night and escaped through the side door with several sides of bacon. The robbery was discovered this morning when the office force went on duty. Desk drawers had been pulled open, and papers scattered over the floor. Puffing to find any money the thieves satisfied themselves with a good supply of bacon. The exact amount taken could not be determined today as there was an immense supply on hand. The police were notified and Patrolman Walter England was assigned to the case. So far no clue has been secured to trace the identity of the thieves.

Colored Baseball Game.
The colored baseball team will play the first game of the season Sunday afternoon at the Rowlandtown park, at 3:30. Their opponents will be the Calo Legion and an exciting game is promised the fans.

PERCY ITALY LANDS A SPLENDID JOE.
Washington, April 2.—yon Percy Italy, it was learned, has been appointed to a lucrative position with the lumber trust.

MISS MAHONEY RETURNS TO NEW YORK TONIGHT.
Miss Agnes Mahoney, who has been district clerk for the charity club for four months, will leave tonight for New York city. An effort will be made to induce her to return in June and take up the anti-tuberculosis work. She is a remarkably efficient woman and the charity work was better managed this winter than ever before.

Seven More Indicted
Pittsburgh, April 2.—The grand jury recommended the indictment of seven more councilmen for bribery.

JUSTICE BREWER BURIED AT LEAVENWORTH TODAY

Leavenworth, Kan., April 2.—After a simple ceremony in the Congregational church, David J. Brewer, late justice of the supreme court, was buried beside his first wife and daughter in Mt. Muncie cemetery here this afternoon. The train, bearing his body, arrived at 9 o'clock this morning. The body was taken to the church where it lay in state until the funeral. The active pallbearers are Judge William Hook, Judge William Dill, Mayor Omar Abernathy, Leo Bong, Edward Carroll and William Reed. All are old friends of the justice. The funeral services were conducted by the Rev. William E. Harding of the Congregational church. They were very simple, in accordance with the dead man's wish. Justice Brewer himself picked out the plot, where he was buried when he was visiting the cemetery in 1908.

Political Interest Centers On Indiana Republican Convention Which Sen. Beveridge Controls

It is Believed He Will Denounce Cannon and Aldrich and Endorse Taft--Visit of President to Worcester.

Washington, April 2.—Washington gossip centers about the Indiana Republican convention to be held next Tuesday at Indianapolis. This event will have great influence on the year's politics, as it is the first Republican state convention held since the passage of the tariff. President Taft is keenly interested. Senator Beveridge will control the convention as state leader. Indianaans are in line with the progressives against Cannonism. The convention will nominate candidates for all offices except governor. It will handle national issues as well as the liquor question.

Reports are current in senatorial circles that Senator Beveridge intends to denounce Aldrich and Cannon and warmly endorse the Taft administration.

Negroes Disfranchised.
Annapolis, Md., April 2.—Following an all night session of the Maryland senate, the Dicks bill, prohibiting negroes voting at all but national elections was adopted by a strict party vote.

Taft at Worcester.
Worcester, Mass., April 2.—Fifty thousand school children and five state militia companies, 75 automobiles and local mounted police composed the Taft escort on his arrival tomorrow. He will be welcomed at Providence by the selectmen, a G. A. R. delegation, and trauamen and will be escorted to the home of his aunt, where he will remain till 1 o'clock. At Worcester he will be escorted by mechanics, by Governor Draper and Mayor Logan. He will address 2,500 trauamen there.

Finances Pleasing.
Washington, April 2.—Taft and the cabinet are pleased over the condition of government finances. Receipts from customs and internal revenue both promising to reach, probably exceed, the estimates for the current fiscal year. The custom receipts for March were \$33,722,683, the largest by \$4,000,000 for any month since the new tariff law went into effect, while the internal revenue receipts thus far for 1910 have been \$15,000,000 more than during

Ball Player Out Again.
Ziba Williams, 216 South Third street, a well known baseball player, was able to be out today for the first time in over a month. Mr. Williams stumbled in February and sprained his ankle. He was developed and he has been unable to walk until today when he hobbled out with the aid of a cane.

City Finances
Following is the monthly report of the city auditor and treasurer for March, showing the balance on hand in the city depository:
Balance March 1 \$48,856.86
Collections 8,129.46
Total \$56,986.26
Disbursements \$23,757.44
Balance April 1 \$33,228.82

Palmer Takes Issue With the Insurgents

How long the earth will be enveloped in the tail of Halley's comet on May 19 is a question that is much disputed among the scientists. Since its visit is so near at hand various articles have been written by scientists of note, and in answer to one written by Dr. Willis Eugene Everett, of Tacoma Wash., Deputy Circuit Clerk L. P. Palmer has written a friendly criticism, taking issue with the famous scientist, who predicted both the San Francisco and Messina earthquakes.

Mr. Palmer has devoted considerable time and attention to the study of science, and several articles he has written have been published. In an article in the St. Louis Post-Dispatch Dr. Everett asserted that it would require five days for the old globe to traverse the path of the famous comet, but Mr. Palmer calculated that it would require only a few hours, as both balls are moving in opposite directions at great speed.

POLICE SEEKING MORE EVIDENCE

Girls, Who Visited Wolters' Apartments Will Testify Against Him.

New York, April 2.—Police are attempting to obtain evidence against Albert Wolter, accused of slaying Ruth Wheeler, from girls who visited Wolter's flat in search of work. Police received a letter from a girl, claiming that she visited Wolter, and he assaulted her. She was saved from extreme violence by the aid of others.

Saylor Murder Case.
Waukegan, Ill., April 2.—Ira Grunden, brother of Mrs. Saylor, was introduced into the Saylor murder trial today. He testified that he received a revolver from Mrs. Saylor the day following the shooting. She told him she found the revolver in the room with the murdered man. Godfrey Intile testified to seeing Mrs. Saylor enter the office of Dr. Miller at midnight. The state was not allowed to introduce two skirts, bearing the marks of a bloody hand. It claims the marks were made by Saylor in his death agony.

BURLINGTON BUYS RIGHT OF WAY

MUST VACATE PROPERTY IN METROPOLIS BY FIRST OF JULY.

Metropolis, Ill., April 2.—Entering Metropolis the Burlington will traverse diagonally Johnson and Vienna streets, in the western part of the city. O. F. Seidler, representing the railroad, has been engaged for several days in taking options on the property. He closed deals with George Wheeler for \$1,000, Willis Jones for \$1,800, Jim Foster for \$800 and Thornton Brown, Fannie Gibson, Alex Starks and several others for amounts unknown. He is also negotiating with the trustees of the Livingston Industrial school for that property. The trustees will hold a meeting next Wednesday to consider the matter. The colored Baptist church is also on the right of way.

All of the property necessary to clear the right of way through the city must be vacated and cleared off by the first day of July. By that time the work of construction will have been completed in to the city.

The criticism called forth a personal letter from Dr. Everett, who explained that the effects would be felt for several days after the earth had passed out of the visible appendage. However, the Scientific American supports Mr. Palmer that it will be enveloped only a few hours.

In speaking of the visit of the comet Mr. Palmer said: "The Scientific American says that on May 18 when we pass through the 'comet appendage', as Dr. Everett calls it, we will be about 8,000,000 miles further from the nucleus than we were in the year 1835, and it also remarks that we will be enveloped only a few hours. There is also consolation in the fact that on one of the past visits of the comet we were only 4,000 miles from the nucleus and there is not any record of any great destruction wrought at that time. The spectacle must have been

BUSINESS SHOWS UP WELL IN ALL LINES OF TRADE

Fine Weather Has Assisted Conditions at Beginning of Spring.

Building Trades Take on Lively Boom.

HUGHES APARTMENTS PLANS.

Clearings this week \$453,725
Some week \$24,350

Business as indicated by the clearings has been good this week, and what is better all lines have been assisted. Wholesalers as well as the retail dealers say trade has been all they could expect. Fine weather has assisted materially in the increase. The building in Paducah is better this year than it has been for several years. Not only is there a steady increase in the number of new buildings under erection, but considerable repair work is underway. Labor is given employment and all lines of trade get the benefit.

Collections this month have been good, and April is beginning like it will be one of the busiest months in business. Farmers are busy with the crops, but many are complaining of the lack of rain, and say it is essential that April showers should come.

Hughes Apartments.
The residence standing on the southwest corner of Ninth and Jefferson streets, where the Hughes apartments will be erected, has been sold to Dr. L. D. Sanders, and he will move it. As soon as it is cleared away in the next week or two, it is expected that the excavation for the new building will be started. The building will front 165 feet to the alley on Ninth street and run back forty feet on Jefferson street. It will be three stories high, the first floor being eight feet from the sidewalk. The building will be more imposing in appearance than many suspect, being about as long as the New Richmond House on Broadway. It will have two, three and six room suites, with a dining room in the basement, which is practically the first floor.

BUCKETSHOP OPERATORS CAUGHT IN WASHINGTON

Washington, April 2.—Three indictments, charging the operating of bucket shops, were returned by the grand jury today. The parties named to be doing business through the Philadelphia consolidated stock exchange. The total number of officers maintained these people to over 250. Raids are being made in New York, Philadelphia, Baltimore, St. Louis, Cincinnati, Jersey City and Washington. Twenty-nine brokers are named in the indictments.

Attorney General Wickersham issued a statement that bucket shops are trying to evade the law. He says the men used firm names to cover their operations. The following firms are implicated: Price & company, Baltimore; Boggs & company, Philadelphia; Standard Stock company, St. Louis. The indictments are sweeping. With conviction of the defendants Wickersham expects to put an end to bucket shops over the country.

May Prevent Peace.
Washington, April 2.—The house today disagreed to the senate amendment to the diplomatic bill, increasing to the extent of \$25,000 the appropriation for extending trade relations of the United States. This, it is feared, will affect the state department's proposed trade conference with Canada.

Woltman Appeals From Decision of Circuit Judge Reed in Contest Over the Magisterial Election

Judgment Entered in Suit of Bebout Against Local Men, Sustaining Deed to Property.

An appeal from the decision of the circuit court was taken this morning by the plaintiff in the suit of J. B. Woltman against Green, Bennett, when Circuit Judge William M. Reed dismissed the petition. A motion for a new trial was overruled. Woltman is suing to oust Green Bennett as magistrate from the Seventh district. The plaintiff was not permitted to file the amended petition, No. 2, but as it had been lodged before it was permitted to be included in the records of the case. A motion of the plaintiff for the storing of the ballot boxes in the circuit clerk's office was sustained. County Court Clerk Gus G. Singleton was ordered to deliver the ballot boxes, tally sheets and stub books of the Maxon Mills, Massac, Lang, Milan, Williams, and Cecil precincts to Circuit Clerk Joe A. Miller, who was directed to preserve them until ordered disposed of by the court. Judge Reed practically decided the case several weeks ago, but the judgment was not filed until today.

Bebout Case.
Judgment was filed today in the consolidated suits of John Bebout against the Old Kentucky Manufacturing company, and John W. Bebout against H. R. Lindsey, Henry Overby and Charles Alcott. In his opinion Judge Reed says the evidence is conflicting and it is a difficult case to decide. He recites that Bebout was general manager and bookkeeper of the company, and that by the system of bookkeeping between \$7,000 and \$8,000 was charged to him in assets not on hand. He informed the directors of it on the night of June 4, 1909, when Bebout alleges he was intimidated into signing the deed and transfer of stock, while the directors say that it was voluntary on the part of Bebout. By agreement Judge Reed says that the deed of his property and the transfer of the stock was deemed sufficient to satisfy the alleged shortage, wherefore the judge ordered cancelled the two notes executed later.

Other Cases.
Two divorces were granted, John C. Wood was granted a divorce from his wife, Eliza Wood; and Lettie Bonnin was granted a divorce from her husband, Robert Bonnin.

Judgment was filed in the suit of Alonzo Dismann, et al., against Lula Bell Priant, et al., and the master commissioner was directed to sell property on South Tenth street and divide the proceeds between the heirs.

In the suit of Eva Winfree against Katherine Holmes Winfree, judgment was filed, and a deed to property in the rear of Twelfth and Jefferson streets was cancelled.

Judgment was filed in the suit of James Sirk, executor, against Ruben Baker. The master commissioner was ordered to sell two lots on Kentucky avenue between Ninth and Tenth streets. The property belongs to the Franke Dixon estate. Today was the last day of the civil term of the February term, and Judge Reed adjourned court. Circuit court will begin at Benton Monday, while the April criminal term of circuit court will convene April 18.

Marriage Licenses.
Charles Stewart Dudley, legal age, of Calio, inspector of classification, and Lotta Sumnerwell, legal age of Calio, first marriage.

Beeds Filed.
Gip Hindsbands, executor, to William Parham, property on the west side of the east fork of Clark's river, \$350.

STATE GRAND MASTER OF KENTUCKY COMING

For the first time in ten years the grand master of the Masons of Kentucky will visit Paducah, and the two Paducah lodges will make preparations for a fitting entertainment of Grand Master John H. Cowles, of Louisville, when he arrives in the city the last of April. His visit will be an occasion for the Masons of western Kentucky, and it is expected that several hundred visiting Masons from over this end of the state will come to Paducah. The plans for the entertainment of the grand master have not been formulated, but it is anticipated that a reception and luncheon will be held, and probably degree work will be done.

PADUCAH LEADS CITIES OF STATE FOR INSURANCE

Will Get Better Rates Than Any Other in Her Class.

Can be Advanced Another Grade Easily.

SAVE THOUSANDS IN PREMIUMS.

Paducah now leads all the cities of the state as regards fire protection and will be immediately transferred from class three to class two and one-half, which will mean a saving of \$6,000 in premiums annually to business and manufacturing concerns, without taking into account the saving in premiums on residence property. This has resulted from making improvements in accordance with suggestions of the fire underwriters; but the city has gone beyond the suggestions, and M. R. Smith, Insurance Inspector, informed Mayor Smith and Chief Wood today that with a few more improvements the city may be put in class two, which would save the business men \$12,000 annually in premiums.

The improvements consist of the employment of one more man at each fire station, which would increase the pay roll \$3,500 annually; and the installation of a new pump at the water plant. The mayor and the chief are of the opinion that if the water company will make the improvement, the city can well afford to add the extra men to save business men and residents from \$12,000 to \$15,000 annually. The matter will be taken up with the water company at once.

Chief Wood has been working two years to bring about improvements, which he recognized as necessary for the protection of the city, in order to get the city advanced in classification of risks. The employment of more men at the stations, the construction of a new headquarters and another station, improvements at the water plant and the installation of more fire alarms, were among the things required of the city.

COLLIER'S ZEAL IS PROBED INTO

EVIDENCE THAT IT OFFERED MAN \$5,000 TO TESTIFY AT HEARING.

Washington, April 2.—A sensation developed when the congressional committee investigating the Halfpenny-Pinchot squabble, convened today. H. K. Love declared on the stand that in February, John W. Dudley told him Collier's Weekly offered him \$5,000 to \$10,000 to testify before the committee. It was decided by unanimous vote to subpoena Dudley. Dudley was formerly register of the Juneau land office in Alaska and was discharged. Love is a former special agent. Representative Madison said: "So Collier's offered him a bribe to testify." Love then said he didn't mean a bribe, but it offered to pay him.

Representative Madison attempted to get Love to confess, but Dudley wanted somebody to approach Ballinger. Love denied it. Representative James repeated it, by asking Love if he didn't think Dudley wanted somebody to influence the secretary. Love admitted he didn't know whether to believe Dudley or not.

COUNTY PHYSICIAN RACE IS FAST ONE

One of the hottest fights for one of the minor offices in years is on in the election of a county physician for a term of two years by the fiscal court next Tuesday. It is difficult to pick the probable winner, and it is certain that several ballots will be required before a physician is elected. There are about nine entries in the race, but the race has crystallized until Dr. L. E. Young, the present incumbent, Dr. J. D. Pendley, Dr. D. R. Kidd and Dr. R. C. Gore, of Lone Oak, are considered the leaders.

LOVING CUP

SENT TO CHESS, CHECKERS AND WHIST CLUB.

High School Team Plays Pleasant April the First Day on Its Rivals.

After all the C. C. and W. basketball team received the loving cup, as yesterday afternoon the High School students, after taking up a collection, purchased a cup for their strongest rivals in athletics. The cup, however, was only a miniature loving cup, about the size of a wine glass and silver plated. Engraved on it was: "C. C. and W. from P. H. S., April 1, 1910." It was a neat April fool prank, and the C. C. and W. players took it good naturedly. In order to rub it in, placed in the box was a parody on one of James Whitcomb Riley's poems, written by one of the High School teachers. The poem read:

"There! Little Chess, don't cry!
You have lost the cup, I know,
And the championship
You allowed to slip.
Is a thing of long ago;
But basketball woes will soon pass by
There! Little Chess, don't cry."

"There! Little Checker, don't cry!
They have broken your record, I know.
And the foul, mad plays
Of your championship days,
Are things of long ago;
But umpires often judge awry.
There! Little Checker, don't cry!"

"There! Little Whist, don't cry!
They have broken your heart, I know,
And the visions bright
Of a winning night
Are things of long ago;
But High School waves the pennant high,
There! Little Whist, don't cry."

"Respectfully dedicated to C. C. and W."

News of Theatres

"A Pair of Country Kids" is at the Kentucky theater this afternoon and night. In addition to the play there will be ten specialties and musical numbers.

No comedy opera in recent years has probably won such universal commendation as "King Dodo," which is being presented this season by John Cort, and which will be at attraction at the Kentucky as one of the April attractions.

In the musical extravaganza, "The Top O' Th' World," which has won continued favor at the Casino and Majestic theaters in New York city, for the past six months, and for a similar period at the Studebaker theater Chicago, to be seen at the Kentucky.

\$3.50 Recipe Cures Weak Kidneys, Free

Relieves Urinary and Kidney Troubles, Backache, Straining, Swelling, Etc.

Stops Pain in the Bladder, Kidneys and Back.

Wouldn't it be nice within a week or so to begin to say goodbye forever to the aching, dribbling, straining, or too frequent passage of urine; the sore head and back-of-the-head aches; the stitches and pains in the back; the growing muscle weakness; spots before the eyes; yellow skin; sluggish bowels; swollen eyelids or ankles; leg cramps; unnatural short breath; sleeplessness and the dependency?

I have a recipe for these troubles that you can depend on, and if you want to make a quick recovery, you ought to write and get a copy of it. Many a doctor would charge you \$25 just for writing this prescription, but I have it and will be glad to send it to you entirely free. Just drop me a line like this: Dr. A. E. Robinson, R-525, Luck Building, Detroit, Mich., and I will send it by return mail in a plain envelope. As you will see when you get it, this recipe contains only pure, harmless remedies, but it has great healing and pain-conquering power. It will quickly show its power once you use it, so I think you had better see what it is without delay. I will send you a copy free—you can use it and cure yourself at home.

lucky theater as one of this month's attractions, appears four comedians, Fred Bailey, Ralph Austin, Charles Hinkle and Walter Walls. They are well known in this city through former appearances here.

"The Cat and the Fiddle."
"They diddle diddle, the cat and the fiddle,
The cow jumped over the moon,
The little dog laughed to see such sport,
And the dish ran away with the spoon."

This is a nursery rhyme that perhaps every man and woman and child knows. It has been taken as a theme on which to found the plot of a musical extravaganza entitled "The Cat and the Fiddle," which comes to the Kentucky theater next Monday evening. It is in three acts and 15 scenes.

The stage settings, illusions and transformations are well given, and 15 song hits, mostly new, are cleverly sung.

"The Undressed Kids" is a feature, also "The Dancing Beauties," "The Dashing Widows," "The School Maids," "The Water Witches" and "Mother Goose's Doll Babies," a new dancing number. Charles A. Sellow is the principal fun maker and is assisted by Mort Infield, John Northrup, George E. Wakefield, Lawrence Gotthard, the clever animal impersonator who portrays the glum "Cat," the El More sisters, Theresa Miller, Florence White, Corinne Danneft and many others.

Those who have seen "The Time, the Place and the Girl" are responsible for the statement that there is not a single song in it that is not clever and catchy. It is a musical comedy that has not been allowed to deteriorate by unworthy productions. This attraction comes to the Kentucky theater Saturday, April 3, for matinee and night.

POKER CHIPS BUT NO MONEY WAS "THE POT."

Policemen Arrest Men Who Placed No Value on a White Disk.

Charges of gambling were dismissed against six alleged poker players in police court this morning. They were Z. Z. Woods, Ed. Blundell, C. G. Ryan, Joe Lynch, Jim Hopkins and Lee Marshall. The sextette was found about midnight by Police Sergeant Ligo Cross and Patrolman Smith, on the third floor of a building on North Fourth street, and a deck of cards and a box of chips were confiscated. All testified that no money was exchanged and it was merely a pastime. The game began about 7 o'clock.

Cal Riley, colored, who escaped from the city jail several days ago, with \$5 more days to serve, was caught last night by Patrolmen Kirk and Mitchell in "The Can Alley." Riley had a revolver concealed on his person and was fined \$25 this morning and sentenced to 10 days in the county jail. After that he will complete his former sentence.

H. F. McIntosh, charged with carrying concealed a deadly weapon, was fined \$25 and sentenced to 10 days in jail. An appeal was granted him.

The New York Canal.

Work on the New York state barge canal goes on in a satisfactory manner, and it seems likely, says the Scientific American, that the great undertaking will be completed not only within the contract time, but within the contract price (\$101,000,000) as well. Work reaching \$16,000,000 has already been done, and the work under contract now aggregates \$51,128,329. The estimate for

this work made in 1903 was over \$2,500,000 in excess of the above figure. These contracts cover 314 miles of canal (the total length of which will be 442 miles). Fifteen of the fifty-hour locks are practically finished.—Exchange.

THE WONDER OF APRIL.

Over the downs in the twilight clear
 Forth we went in the Spring of the
 year:
 Pander of April's gold we sought,
 Little of April's anger thought.

Caught in a cove without defense
 Low we crouched to the rain-squall
 dense;
 Sure if misery men can vex,
 There it beat on our bended necks.

Yet, when again we wander on,
 Suddenly all that gloom is gone!
 Under and over, through the wood,
 Life is a life, and life is good.

Violets purple, violets white,
 Delicate windflowers dancing light,
 Primrose, mercury, mosses,
 Shimmer in diamonds round the dell.

Squirrel is clanking swift and lithe,
 Chiff-chaff whistling his airy woe,
 Woodpecker whirra his rattling rap,
 Ringdove flies with a sudden flap.

Well it is seen that every one
 Laughs at the rain and loves the sun!
 We, too, laughed with the wildwood
 crew,
 Laughed till the sky was once more
 blue.

Homeward over the down we went,
 Soaked to the heart with sweet con-
 tent:
 April's anger is swift to fall,
 April's wonder is worth it all.

—Henry Newbolt.

9. Quartet for ladies' voices, "Summer Night."

Bridge Afternoon For Visiting Girl.
 Miss Lucia Powell is entertaining at bridge this afternoon in honor of her house guest Miss Fay Fitzpatrick of Paris, Texas. It is an informal affair limited to two tables.

Delightful Informal Dance.

One of the pleasant social features of the week was an impromptu dance at the Three Links building on Friday evening. Mrs. C. B. Hatfield and Mrs. Jette Holman were the chaperones and those dancing were: Misses Rosebud Holman, Elsie Dodge, Elizabeth Schree, Vera Johnston, Jane Stevenson, Geraldine Gibson, Hannah Corbett, Anna Hill, Lucie Harb, Lucia Powell, Nellie Hatfield, Miss Fitzpatrick, of Paris, Texas; Helen Hill, Ethel Sights, Martha Cope, Nell Shaw, Mildred Gardner, Helen Van Meter, Lillie Holman, Caroline Sewell; Messrs. Gus Elliott, Jim Shelton, Jim McGhie, Gregory Harb, Darwood Sutton, J. E. Johnson, Lash Harbour, Henry Hennesberger, Felix St. John, Guy McChesney, Hugh Hobanston, Tyler Stevenson, J. T. Haynes, Robert Fitzpatrick, Bill Powell, Gladstone Burns, Hafford Hay, Tom Baker, Dow Wilcox, Robert Wallace, James Ripley, Roy Prather.

Pretty Bridge Party.
 Miss Eloise Bradshaw was hostess to the combined Entre Nous and Bridge club on Friday afternoon at her home, 1526 Broadway. Vases and bowls of lilacs were attractively arranged throughout the rooms. Bridge was played and pretty hand-painted cards were used for the scores. The highest total for the Bridge club was made by Miss Kathleen Quigley and Miss Philippa Hughes carried off the honors for the Entre Nous. Miss Josephine Cain, of St. Louis, received the guest prize, a dainty Japanese sandal wood fan. A delicious salad and ice cream luncheon was served in conclusion of the games.

Younger Set Dance.
 A dance was given at the Woman's club building Friday evening by some of the younger set. It was an informal affair and a most enjoyable occasion. Mrs. M. G. Cope and Miss Lena Shelton chaperoned the party. Among those present were: Misses Steffen, Elizabeth Terrell, Rebecca Smith, Dixie Hale, Eliza Hale, Edith Cope, Mary Brown, Mary Kennedy, Lottie Briggs, Ora Pryor, Edna Monney and Ruth McChesney and Messrs. John Kopf, Boyd Shelton, George Shelton, Horace Terrell, Pitman Harb, Charles Rhodes, Milton Steffen, Robert Graham, Robert Bonduant, Armour Gardner, McClain Mitchell, Edward Gibson, Fred Lack.

Kalamazoo Club.
 At the business session of the Kalamazoo club Friday morning, it was decided by a unanimous vote to send again a traveling library to the Kentucky mountain children. Mrs. David D. Koger was appointed chairman and Mrs. John Brooks and Miss Katherine Quigley, members of the committee in charge of the work. Each member is requested to send two books to Mrs. David Koger, 317 North Seventh, the coming week. The program was opened by a delightful paper on Louis XV and Marie Lezinska by Miss Sinnott. Miss Annie Mae Yelzer gave "Countess du Mailly and Duchess de Chateauroux in an interesting way. "Famous Salons in the Time of Louis XV" was attractively featured by Miss Eloise Bradshaw.

D. A. R. Chapter.
 Mrs. George B. Hart was the hostess of the Paducah chapter, Daughters of the American Revolution at the April meeting on Friday afternoon, at her home on Jefferson boulevard.

Special musical features added to the attractiveness of the "Lexington Day" program. After the song "America," the roll call was answered by quotations from American statesmen. Miss Elizabeth Caldwell gave a clever sketch of "The Battle of Lexington." Miss Emily Morrow read delightfully "Paul Revere, the Messenger of the Revolution." Miss Lilla Teed and Mrs. Hart played three beautiful piano numbers from Hoffman's "Italian Love Story." Miss Anne Bradshaw sang most charmingly "The Venetian Song" by Tosti and "April Girl" by Oils. Little Miss Virginia Hart gave several pretty readings to musical accompaniments. A pretty appointed luncheon in the red and white color motif was served on conclusion of the program by the hostess.

Sunday School Class Entertains.

The Sunday school class of Mrs. C. E. Jennings, of the Tenth Street Christian church, delightfully entertained last evening at the home of Miss Ida Darnell, 1240 South Seventh street, complimentary to Miss Jessie Acker, who leaves Sunday for Bowling Green, to attend the State normal school. About twenty girls and boys were present and games and music were featured. In a guessing contest in which four players tied for the prize, Miss Hazel Heady was the luck one and received a pot of flowers. Delicious refreshments were served.

In Honor of Paducah Guest.
 The social event of the season was the at home given Thursday afternoon by Mrs. O. Bauer and daughter, Miss Mona, in honor of their guests, Mrs. J. T. Shepard, of Owensboro, Ky., Mrs. Sam Leibel, of Paducah, and Mrs. Al Rodenberg, of East St. Louis.

About thirty guests were present and all entered heartily into the game of hearts, something new and unique, prepared for the entertainment of the party.

This game is played with six cubes with the six letters—h-e-a-r-t-s—on each, one letter being on each face of the cube, the score being governed by the skill (or luck) of the thrower. Prizes were awarded to the ones receiving the highest scores.

At the conclusion of this contest a five-course luncheon was served. The place cards were green shamrocks and all decorations were of green and white, appropriate for St. Patrick's day, on which day it was originally planned to give the at home. The favors were carnations.—Goldsboro (Ill.) Herald.

May Music Festival in Cincinnati.
 The Music Festival, which will be held in Cincinnati beginning the week of May the second and closing Saturday, May the seventh, promises to be a week of music unrivaled even in the annals of this notable organization. It will immediately precede the Woman's club's biennial, and many will take in both. One of the great stars will be Emily Destiny, of the Royal Opera Berlin, who has had a successful career in New York, and Madame Schumann Heink, who is always a favorite, will be another. The chorus of seven hundred children from the public schools in the "Children's Crusade," which was so enthusiastically successful at the last festival, will be repeated this year, and the choir of three hundred boys' voices in Herlioz's "Trojana in Carthage," will be another attractive feature. President Taft and family will be present for the opening night to assist in the unveiling of Harbison's bronze statue of Theodore Thomas, which is to be placed in the foyer of Music Hall as a memorial to the founder of the May Music Festival, and their musical director for a third of a century, Admiral and Mrs. Dewey and Mrs. Thomas will be among the distinguished visitors who are expected in Cincinnati from all over the United States at the Festival.

Biennial Vignettes.
 The biennial meeting of the General Federation of Woman's clubs, which will center the attention of the country on Cincinnati from May 11 to 18, has broken the liberal limitations of club interests broad as they are, and become an object of civic pride and enthusiasm. The Citizens' Entertainment Committee, composed of prominent professional and business men, has rushed into the breach and with all the vigor and resources of so representative a body of men, is co-operating with the local Biennial Board in the interest of the complete success of the convention.

Among other things which this committee has undertaken are the arrangements for housing the convention during its working hours—Music Hall, Horticultural Hall and Memorial Hall having been placed by them at the disposal of the board. On next Thursday morning at 10 o'clock in the auditorium of the Sinton hotel there will be a regular meeting of the local Biennial Board at which all the committee chairmen, with the members of their committees, will be present to discuss what has already been accomplished, the work that is yet to come and the present systematic interweaving of all branches of the organization. Mrs. Maxwell will, of course, preside, and something like 700 women will be there to read reports, welcome suggestions or place themselves in touch with the work of their committees. This organization is tremendously interesting and to the outsider seems little short of a miracle of well-ordered effort. Nothing seems to have been forgotten, and if the country ever needs an army of ardent feminists to boss its affairs Cincinnati may well point with pride to the biennial of 1919.

Through the courtesy of the General Federation and the local Biennial Board two days preliminary to the opening of the convention will be given to the state for its entertainment in honor of the visitors, which will include a concert by the Cincinnati Symphony orchestra and a reception at the Sinton. Mrs. Addison F. Broomhall, president of the Ohio State Federation, is chairman of the committee having these arrangements in charge. An unusual committee and one which has never before found a place at the biennial is the Collegiate Courtesy Committee, of which Mrs. Frederick Harbhardt is chairman. Its office is to rally together all college women in attendance upon the convention. Mrs. Philip N. Moore, the brilliant president of the General Federation, is herself a graduate of Vassar and one of the trustees of her alma mater, upon which she reflects the greatest credit. The Collegiate Courtesy Committee is especially appropriate, for Cincinnati is the only American city which supports a university, and all the visitors who have a college sheepskin tied with a blue ribbon and tucked away somewhere will be interested in the accomplishment and prospects of the university in Burnet Woods.

On next Thursday morning at 10 o'clock in the auditorium of the Sinton hotel there will be a regular meeting of the local Biennial Board at which all the committee chairmen, with the members of their committees, will be present to discuss what has already been accomplished, the work that is yet to come and the present systematic interweaving of all branches of the organization. Nothing seems to have been forgotten, and if the country ever needs an army of ardent feminists to boss its affairs Cincinnati may well point with pride to the biennial of 1919.

The geographical position of Cincinnati provides another committee which is out of the ordinary. It is called the Hospitality committee and Miss Lilla Teed, of Covington, is the chairman. It enlists the co-operation and good will of the club women of Kentucky and Indiana, and has already proved a valuable aid-camp to the generals in charge. And so it goes—every committee has its goal. All of which gives but a faint idea of the ramifications of the biennial which will be welded into one great, enthusiastic whole at the meeting on Tuesday next. It is to be a sort of dress rehearsal to bring about harmony of action to support the harmony of interest that has ever governed the well-planned preliminaries.—Cincinnati Enquirer.

Jays of Womanhood.
 "You women," exclaimed the disgusted brother, "simply have a glorious time doing nothing." My word, I envy you your idleness!"
 "Idleness!" shrieked his pretty sister.
 "Yes, idleness! Oh, why—why—why wasn't I born a woman?"
 "Oh, yes; you'd like to be a woman!" retorted the pretty sister. "Just try it for a day! Fasten a blanket and a counterpane round your legs, buckle a strap around your waist so tight you can't draw a full breath or eat a hearty meal, have your hair all loose and fluffy so that it keeps tickling your ears and getting into your eyes, wear high-heeled shoes and gloves a size too small for you, cover your face with a veil full of spots that make you squint, fix a huge hat on, with plus, so that every time the wind blows it pulls your hair out by the roots, and then, without any pockets and with short sleeves and openwork stockings go for a walk on a winter's day and enjoy yourself. Oh, yes, my word, you would like it!"—Chicago Journal.

LOCAL FIRM SECURES THE CONTRACT FOR CEMENT.
 The contract for the cement, lime and wall plaster that will be used in the erection of the new \$20,000 building to be erected in Mayfield by the American Snuff company, has been awarded to the F. L. Gardner Coal company, of this city. The contract amounts to several thousand dollars, and aside from the local competition several large dealers were bidders.

PETER PURYEAR.

Notary Public.
My commission expires January 10, 1912.

Daily Thought.
"Never refuse advice. Take all men's opinions, and season them with your judgment."

The weather April fooled us, all right.

Why are actresses so careless with their diamonds?

We're on. Al Foreman's Kentucky Insurgent will be the Legislative Digest of the general council.

Mott Ayers has become a newspaper octopus and merged both the Fulton papers under his name.

Percy Haly has accepted a position with the lumber trust. Maybe Percy will and the material to rebuild some political fences in Kentucky.

If the people would back up the city health department with deeds, by accepting its orders as intended for their own good, Paducah would soon be a model city.

The "All for Ireland League," which was organized in the city of Cork, has spread all over the island. It may now be said that the enthusiasm is uncorrupted.

March federal revenues exceeded disbursements by nine millions, and the national deficit is sixteen millions, as compared with sixty-eight millions at this date, 1909. This is under the Payne tariff. It is not prohibitive apparently.

THE WHITE SLAVERS.
A man in New York secured a list of graduates from a business college and sent them invitations to call at his apartments, where they would be chocked to death there and her body stuffed up a chimney and set on fire. Police are running down his record, expecting to identify him with the "white slave" trade.

"Uplift" magazines have had much to say about the "white slave" trade as an organized business connected with steamship lines. Deliciously, humorously good people wonder how the white slave trade can be stopped. Any business man will confess that his trade will be ruined, if he stop the demand for his goods, and the same course of reasoning would naturally lead us to suspect that the "white slave" trade will be stopped, whenever the brothel, the only institution which creates a demand for "white slaves," is closed. Wherever the brothel flourishes, rest assured, there the white slave trade flourishes, and it is not an import trade, Paducah has them openly conducted today, and the supply comes from local sources, not Paris or Roumania. The inmates are principally Kentucky girls, fallen through a hundred different temptations, and they are held in virtual slavery, indebted to the proprietor or proprietress of the resort and unable to find refuge outside such a place.

There is nothing new and nothing that is not sordid in itself and disgraceful to the community that permits it in the "white slave" traffic. The murder in New York is just an incident. It could happen in Paducah, just as a horrible tragedy might result from lack of fire escapes on buildings or from a grade crossing collision. As long as we suffer the same conditions to exist in our community, let us not gasp at the

wickedness of New York. It just happened that the murder was committed there instead of in Paducah.

WILL IT BE MCREARY?

Has Ollie James been stung by the senatorial bee? This question is important in relation to Henry Lawrence's recent success in committing the First district press to Hon. James B. McCreary for the Democratic nomination for governor. If Ollie has been stung, he will be insensible to every political feeling, excepting possible irritation in the region of the sting whenever any First district man is mentioned for governor. He will not be anxious for too many aspirants for office from western Kentucky. In this he will have the support of all the minor politicians, who hope to profit by its retirement from the First district seat in the lower house of congress. If the McCreary men are in earnest and Ollie really wishes to be United States senator, everybody with an ax to grind may be expected to "lay off" the governorship and there will be no organized opposition to McCreary.

That Lawrence has succeeded reasonably well in his mission cannot be gainsaid. Graves, Christian, Trigg, Marshall, Livingston and Hickman newspapers have come out unequivocally for McCreary. The McCracken county organization, which is but an adjunct of the Louisville gang, with its organ, will be for Johnson, or whoever Louisville suggests, and it has some sort of hold on the First district organization through the committee. It has managed to manipulate things in this county and senatorial district on the floor of conventions and in the primaries to the accomplishment of its feeble designs, though at some cost of party enthusiasm and loyalty. However, they figure that the Gihralhar majority is inexhaustible, a conclusion, which Calloway county voters might dispute.

It is probable that former Governor Beckham, naturally opposed to the Louisville gang, which killed his budding senatorial career, will back the strongest candidate against the machine man. The fight against the Louisville gang is peculiarly a newspaper fight; Lawrence has one, at Frankfort; Beckham has one, at Cadiz; Landrum has one, at Smithland; Hager has one at Owensboro; Hines has one at Bowling Green, and there are a half dozen other organs scattered over the state in the hands of former influential Democratic politicians, who are not in accord with the present party regime. They are arousing the sentiment of the people throughout the state, each newspaper the nucleus of an opposition organization, that may possess cohesive qualities, when they reach the state convention, sufficient to form the balance of power.

There will be no state primary; because the ring appreciates the strength of this local sentiment. A convention at Louisville of the Music Hall variety will be most to the liking of the ring. It will be interesting to watch the clash for control of the First. Ollie James probably will be too busy with the Ballinger committee to take any part in the Kentucky gubernatorial fight.

STATE PRESS.

McCreary Most Available.

On the first page today we print an editorial from the Mayfield Messenger under the title "The Available Man," urging upon the Democratic voters of the state the claims of Senator James B. McCreary for governor. One purpose we have in printing this article from the Messenger is to show the trend of state politics, another is that we are prepared to endorse much that is said by the Messenger. We do not propose at this time to commit the Gazette to the unqualified support of Senator McCreary, for it is early yet to announce a choice, and conditions might arise within the year that still intervene before the nominating convention or primary, which would lead us to give our support to some other man, if a man more nearly representing our views on state questions should come actively into the race. However, on the face of it today, we will say candidly that Senator McCreary possesses points of strength and availability which no other man that we can think of possesses.—Clinton Gazette.

MRS. NORMAN

CHRISTIAN WOMAN DIES NEAR SHARP, KY.

Funeral Held This Afternoon at 4 O'clock at Bethlehem Church.

Mrs. Mary Ann Norman, 79 years, died at her home, two miles above Sharp, at 11:45 o'clock this morning of infirmities incident to old age. She had been in poor health several months. She was a member of the Christian church and well known and liked by a wide circle of friends in that vicinity.

She was born in Millar, Tenn., and had lived near Sharp for 47 years. She leaves 3 daughters and 5 sons as follows: Mrs. Lillie McGee, Miss Mattie and Louise Norman and Messrs. Henry, Thomas, Elsie, Ely and Edward Norman, of this section. The funeral will be held at 4 o'clock this afternoon at the Bethlehem Baptist church, the Revs. Pace and Gilliam, officiating. Burial will be at 5 o'clock in the church cemetery.

Longboat Loses Race.

Pittsburgh, Pa., April 2.—Not more than 25 yds. separated Dorando and Longboat at any point in the fast 20-mile race at the Exposition hall, and it was by that distance that the latter lost the race to the Italian. Dorando's time was 1 hour, 54 minutes and 5 2/5 seconds, within four minutes of the record which Ljungstrom, the Swede, established in New York about a month ago.

PROTEST T. R. SPEECH.

Young Egyptians Declare His Remarks Highly Offensive.

Geneva, April 2.—"The Young Egyptian" committee has published a protest against Col. Roosevelt's speech at Cairo, declaring his remarks were offensive to the whole nation, and were made only with the object of pleasing his official hosts.

HIS WEALTH TO THE POOL.

Disciple of Louis Kossoth Amazes by Terms of His Will.

New York, April 2.—A few days ago, says the Lokal-Anzeiger, at the age of eighty-two there died at Zombor, in Hungary, one of Kossoth's followers named Stefan Komjovits, who had always led an eccentric existence and had been regarded as a man of merely moderate means. But on his death his will showed that he was one of the richest men in his province, and had husbanded his wealth chiefly for the purpose of distributing it at his death, in benefiting his fellow citizens. His bequest included eighty morgen of land and 60,000 kronen for an institute for the blind, 200 morgen and 400,000 kronen for a school, 1,200 morgen and 30,000 kronen for a cadet training institution, and 250,000 kronen for a church. Two hundred and fifty thousand kronen was left to a priest, his servant and estate stewards receive 200,000 each, and 120 other persons 3,000 kronen each.

WIDOW SCORES VICTORY.

Mrs. Elsie Latham Has Administration Removed in New York.

New York, April 2.—Mrs. Elsie Gaylor Latham, widow of John C. Latham, a former Wall street banker, won in the surrogate court her first legal fight to modify her husband's will. She succeeded in having Harry Allen, an executor, removed. The banker gave away a large share of his \$700,000 fortune in the testament that disposes of his estate. He willed about \$100,000 to Mrs. Latham and \$200,000 to their six-year-old daughter.

Before Surrogate Cohanen evidence was introduced to show that Allen, who was a former employee of the firm of Latham, Alexander & Co., had secured a list of the firm's clients, soon after Mr. Latham's death, and turned it over to the stock brokerage firm of Weld & Co. upon condition that he should be given position with the latter firm. It is said today a new executor will be named.

Can This Man Read Your Life?

The rich, poor, exalted and humble seek his advice on Business, Marriage, Friends, Enemies, Changes, Speculations, Love Affairs, Journeys, and all events of Life.

MANY SAY HE REVEALS THEIR LIVES WITH AMAZING ACCURACY.

Free Test Readings Will Be Sent For a Short Time to All "Paducah Sun" Readers.

Has the veil of mystery that has so long shrouded the ancient sciences been raised at last? Can it be that a system has been perfected that reveals with reasonable accuracy the character and disposition of an individual and so outlines the life as to assist in avoiding errors and taking advantage of opportunities? Rosary is a man who has for twenty years been delving into mysteries of the occult making a scientific study of the various methods of reading the lives of people seems to have reached a higher round in ladder of fame than his predecessors. Letters are pouring into his office from all parts of the world telling of the benefits derived from his advice. Many of his patrons look upon him as a man gifted with some strange mysterious power, but he modestly asserts that what he accomplishes is due solely to an understanding of natural laws.

He is a man of kindly feeling toward humanity and his manners and tone immediately impress upon you with his sincere belief in his work. A huge stack of grateful letters from people who have received readings from him is to be seen in his office. He is a man of great conviction and is able to convince you of his ability. He is a man of great conviction and is able to convince you of his ability.

The Rev. G. C. H. Hazzard, Ph. D., whole a Pastor of the St. Paul's Evangelical Lutheran Church in a letter to Prof. Rosary, says: "You are certainly the greatest Spiritualist and master of your profession. Every consulting you will marvel at the correctness of your detailed personal readings and advice. The most sceptical will consult you again and again after corresponding with you once. If you wish to take advantage of Rosary's generous offer and obtain a free reading, send your date, month and year of birth, state and address and write plainly. Send your letter to ROSARY, Dept. 76A, No. 674 Kensington High Street, London W. England. If you wish you may include 10 cents (U. S. A. stamps) to pay postage, please work etc. Do not include cash or silver in letters."

Note—Under the new postal regulations you can send a sealed letter to England for only two cents postage.

Be sure to give your correct name, birth date and address and write plainly. Send your letter to ROSARY, Dept. 76A, No. 674 Kensington High Street, London W. England. If you wish you may include 10 cents (U. S. A. stamps) to pay postage, please work etc. Do not include cash or silver in letters.

SEEK LOST MOTHER.

Would Also Prevent Her From Squandering Fortune.

New York, April 2.—Miss Addie Douglas MacKenzie, eldest daughter of Mrs. Charlotte R. MacKenzie, who inherited \$1,000,000 upon the death of her husband, a sewing machine manufacturer, began proceedings in the supreme court here to prevent her mother from squandering any of the fortune over which she now has complete control.

Mrs. MacKenzie disappeared mysteriously from her beautiful home on West Eighty-ninth street two weeks ago, and her four children have sought in vain to find out the location of their mother.

Miss MacKenzie, in her petition to the court, alleges that her mother has been acting peculiarly for several weeks. She asks that the mental status of Mrs. MacKenzie be determined judicially as soon as possible. In order that a committee may be appointed to shield her I should be appointed, if necessary, to take charge of the MacKenzie estate.

At the present time Mrs. MacKenzie's whereabouts are unknown to all concerned in the matter.

New "Night Riding." Lexington, Ky., April 2.—A new kind of night riding has appeared in Kentucky. From many parts of the white Hurley district, reports have been received that the canvas coverings placed over tobacco beds have been stolen. The removal of the covering has resulted in the killing of the tender plants and if continued will do much toward curtailing the crop of this year. In addition many tobacco bars have been destroyed by fire.

WASHINGTON NEWS

(Continued From Page One.)

The corresponding period in 1909. There is an excess of \$9,554,440 of ordinary receipts over the ordinary disbursements during March. The deficit for 1910 is now only \$16,050,310 against \$68,470,595 on the corresponding date last year.

The public debt statement shows a net increase in government obligations in March of \$1,795,742, and cash in treasury \$1,707,459. Thirty-seven new national banks were authorized to begin business in March.

Amend Corporation Tax.

Washington, April 2.—That the corporation tax law will be amended to restrict the operation of the publicity feature was virtually assured when the house slightly amended the provision previously adopted by the senate for that purpose.

As passed by the house the law provides that "all corporation tax returns shall be open for inspection only upon the order of the president, under the rules and regulations prescribed by the secretary of the treasury, approved by the president." As previously provided by the senate such corporation tax reports were "to be made public when called for by a resolution of the senate or house or ordered of the president when he deemed it for the public interest."

The senate and house conference will frame an amendment to meet the views of both branches.

Consideration of the subject involved an animated discussion commencing the entire session, Fitzgerald, of New York, attempted to direct the vote on the motion to reconsider the bill under consideration with instructions to the committee on appropriations to report it with an amendment repealing the Payne tariff law. By a strict party vote of 150 to 116, in which the insurgents voted with the regular Republicans, the point of order against Fitzgerald's motion was sustained.

Public Lands Bill.

Washington, April 2.—The factions of the house committee on public lands pulled and hauled at the administration bill for the withdrawal of public lands for conservation purposes. The Republicans of the public land states, who object to any change in policy, and the Republicans who are followers of the modern conservation program, could not come to an agreement between the two bills.

In the end the Democrats denounced both measures as designed to give the present and past administrations clean bills of health with relation to the conduct of the land laws. They introduced a bill of their own.

The Republicans were divided in support of the bill introduced in the senate by Nelson, which would give the president absolute authority to withdraw public lands for conservation purposes or classification, and the house bill of Pickett, of Iowa, which would accomplish the same purpose and validate past withdrawals.

It was reported that Pickett would move to eliminate the portion of his bill validating past withdrawals. The latter clause, it was said, was intended to validate certain withdrawals made by Roosevelt. It was charged in the debates in both houses that many of these were without authority.

BRITISH LINER WRECKED.

Passengers and Crew Rescued With Small Loss.

Perth, West Australia, April 2.—The big British liner Pericles was wrecked six miles south of Cape Levein, the southwest point of Australia. The passengers and crew took to the small boats and all were landed safely at Cape Levein.

Soon after being abandoned the steamer disappeared beneath the waves.

The Pericles was a new boat, built at Belfast in 1908, and owned by G. Thompson & Company, Limited, of London. She registered 6,894 tons net.

Little's Living Age is authority for that.

Mr. Palmer calculated that even if the tail of the comet is 3,000,000 miles thick, the earth should pass through in seven hours instead of five days, as asserted by Dr. Everett. In explanation of the position taken by Dr. Everett, Mr. Palmer received the following letter:

Cairo Couple Marry Here.
Mr. Carlos Stewart Dudley, the well known railroad official of Cairo, and Miss Lotta Somerswell, of the same city, were married this morning at Grace Church rectory by the Rev. D. C. Wright. The couple will return to Cairo tonight.

Charming Art Morning.
The Art department of the Women's club held a delightful meeting this morning at the club. It was an especially happy occasion, as the chairman, Mrs. Victor Voris, was in attendance after a four weeks' absence from illness, and Miss Compton, the vice chairman, who has been out of the city for the year, was present also. The meeting was held downstairs in the auditorium and a pleasing feature was a piano number of three of the five "Spanish Dances," skillfully played by Miss Lillie Mayes Sutherland, who has been studying the piano for two years in Chicago. The study of Spanish art was attractively inaugurated by several clever papers as follows:
"The Spanish Artists—Art Influence in the Spanish Peninsular in Sixteenth Century," by Mrs. John J. Dorian.
"El Greco," by Mrs. Voris.
"Hibera," by Mrs. R. G. Torrell.
There were 30 members of the department present this morning. Miss Emmen Acker was enrolled as a member. Miss Josephine Cain, of St. Louis, was an out-of-town guest.

Paducah Couple Marry in Cairo.
Telegrams were received this afternoon by relatives announcing the marriage of Miss May McGarrigal and Mr. Murrell Anderson in Cairo at 12:30 o'clock today. The marriage was a surprise as the trip to Cairo was secretly planned. Miss McGarrigal left her home this morning ostensibly to visit a friend in the country. She was met by Mr. Anderson in a taxicab and they went to Maxon Mills, where the Cairo train was caught. They were married at noon in Cairo, the Rev. Father Downey officiating. Mr. and Mrs. Anderson will return to Paducah tonight at 8 o'clock and will be at home temporarily at 615 South Thirteenth street. The bride is the only daughter of Mr. and Mrs. John McGarrigal, 713 South Eleventh street, and he is a talented young woman with a host of friends. She is of the brunette type. Mr. Anderson is the eldest son of Mrs. Alice Anderson, 615 South Thirteenth street, and is a popular young man at the Illinois Central railroad shops. They were accompanied by Mr. and Mrs. George Graham, who eloped to Paris, Tenn., last Sunday, and were married.

HAINE MAY LOSE COMMISSION.

Washington, April 2.—Capt. Peter C. Haines, Jr., convicted of felony and serving a term in the penitentiary, is to lose his position in the army if a bill introduced by Representative Slayden, of Texas, is enacted into law.

The bill provides that if an officer of the army commits a felony and serves a term in the penitentiary he shall be separated from the army service the same as though dismissed or if he should be a deserter.

The purpose of the bill is to relieve the war department from difficulty it does not seem able to meet under existing regulations. The bill was referred to the committee on military affairs.

Arrests Gaynor's Wrath.
New York, April 2.—The recent appointment by Supreme Court Justice Vernon M. Davis, of Louis F. Haffen, the ousted president of Bronx borough, as a condemnation commissioner in connection with street opening proceedings, has aroused Mayor Gaynor's indignation.

The mayor today, in a letter to Corporation Counsel Watson, said: "If the court does not forthwith substitute some one in the place of Mr. Haffen on the commission, I think it will be our duty to lay the matter before both houses of the legislature, for they have, under the constitution, supervision of the conduct of judges and power to remove them."

NO ONE KNOWS

In a Recent Letter, Mrs. Wilkerson, of Lynchburg, Says No One Knows What She Had To Suffer.

Lynchburg, Va.—"I am now feeling better than I have, for several years," writes Mrs. Elsie Wilkerson, of 406 Pearl St., this city.

"No one knows what I suffered, as a result of female weakness."

"Since taking four bottles of Cardui, I feel stronger and better than I have in some time past. I shall always praise Cardui, to all of my suffering friends."

The strength-giving properties of Cardui are not the result of powerful druggery, but of its gentle, natural, building action, on the womanly organs.

Cardui is not a stimulant, but a mild and effective tonic remedy, that, through fifty years of success, has been proven to have a merit, that is all its own.

Cardui is prepared principally from the extracted medicinal principle of a plant grown in Southern Europe, not mentioned in the pharmacopoeia, imported direct by the manufacturers and combined with other ingredients, to form a scientific medicine, that brings results.

Try Cardui.

NOTE—The Cardui Home Treatment for Women, consists of Cardui (41), Theodor's Black-Draught (25), or Veto (50), for the liver, and Cardui Antiseptic (50). These remedies may be taken singly, by themselves, if desired, or three together, as a complete treatment for women's ills. Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women" sent in plain wrapper on request.

Members of the New Racing Commission.
Frankfort, Ky., April 2.—The members of the racing commission were not appointed, as was predicted. Three members, George Long, of Louisville; J. N. Camden, of Versailles, and C. F. Clay, of Paris, were said to be practically decided on by Governor Willson. It is said, too, that Governor Willson will appoint one closely identified with the race track, and if Mr. Camden is appointed he will have to resign as president of the Kentucky racing association. The appointments of Thomas F. Kelly, of Lexington, and Col. R. W. Nelson, of Newport, are being urged.

WATER TROUGHS

WILL BE RECOMMENDED TO FISCAL COURT.

Committee Suggests That Eight Be Located in the County—Meets Tuesday.

Eight public watering places for stock will be recommended by the road committee of the fiscal court at the April meeting next Tuesday. It is estimated that a water trough and pump and equipment could be installed at a cost of \$60 each or a total cost of \$480. The sites recommended for the locations of the watering places are: Ragland, Grahamville, Woodville, Massac, St. John's, Florence Station, Itskland and Lone Oak. It is unknown what action the magistrates will take on the recommendation, but the troughs would be a great benefit to the farmers and people driving overland. The committee is in favor of extending the mileage of gravel roads and recommends that the county gravel survey road on which the adjacent property owners will pay half of the cost.

Japanese Minister Dies.

Tokio, April 2.—Prince Tomosada Iwakura, minister of the Imperial household, died today. He was at one time vice grand chamberlain, privy councillor and director of the peerage bureau. He was born in 1851 and was the eldest son of the late Prince Iwakura, one of the principal imperialists in the struggle which led the restoration.

Anti-Saloonists Meet.

Atlanta, Ga., April 2.—Dr. J. B. Bambrell, of Dallas, Tex., was the principal speaker last night at the opening session of the annual convention of the Southern Anti-Saloon league. About 150 delegates, representing every state in the South, are present. The convention will be in daily session until Monday.

STRENGTH EXAGGERATED.

German's Aerial Force Not Greater Than That of France.

Paris, April 2.—Gen. Brun, minister of war, replying in the senate today to criticisms on the inactivity of the department of aeronautics in Germany, said that the statements regarding the strength of the latter country in this direction had been exaggerated. Germany, he said, had six units at the outside. France, while only three were actually in commission, had a total of seven. The problems of the respective merits of dirigible balloons and aeroplanes were receiving the most careful attention, and he proposed to ask parliament for \$4,000,000 in four instalments, to be used for aeronautical purposes. The senate approved these statements, and adopted a vote of confidence.

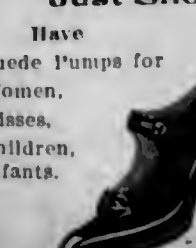

NO RACE TRACK MEN.

Members of the New Racing Commission.
Frankfort, Ky., April 2.—The members of the racing commission were not appointed, as was predicted. Three members, George Long, of Louisville; J. N. Camden, of Versailles, and C. F. Clay, of Paris, were said to be practically decided on by Governor Willson. It is said, too, that Governor Willson will appoint one closely identified with the race track, and if Mr. Camden is appointed he will have to resign as president of the Kentucky racing association. The appointments of Thomas F. Kelly, of Lexington, and Col. R. W. Nelson, of Newport, are being urged.

ENGLISH CRISIS IN MAY.
London, April 2.—The government apparently has made up its mind to bring political matters to an issue early in May. In the house of commons Premier Asquith announced two gillington motions, the first to be made on April 1, allocating a special period said to be ten days for the discussion on the veto resolutions, and the second designating the time,

S.S.S. CURES RHEUMATISM

Rheumatism is a specific blood fermentation, a souring of the circulation from an excess of uric acid accumulating in the blood stream. This uric impurity comes usually as a result of constipation, weak kidneys, indigestion and stomach disturbances. These systemic irregularities may not be of marked severity or of long duration, but each has a direct effect on the eliminative members of the body, which prevents the proper removal of the waste products. This refuse remains in the stomach and bowels, and souring forms uric acid, which the blood quickly absorbs.

Rheumatism is usually manifested in the joints and muscles. It is here its sharpest twinges of pain are felt, and stiffening of ligaments and tendons first commences. The pain of Rheumatism is caused by the contact of the sensory nerves with the gritty, acid formation which uric acid causes to accumulate in the corpuscles of the blood about the joints. The stiffening of muscles and joints is usually gradual. Constantly the blood deposits the uric acid into the joints, and slowly the natural fluids are dried up and destroyed. Then Rheumatism is chronic and serious. Rheumatism is sometimes inherited, for like all blood diseases it can be transmitted to offspring. This explains why some persons are afflicted with the disease, and suffer its pains, who have otherwise been perfectly healthy.

S.S.S. cures Rheumatism and cures it permanently. It goes into the circulation, and removes the uric acid, purifies the blood, and in this way destroys the cause. S.S.S. changes the blood from a sour, acid-steeped stream to a rich, healthy fluid, which quiets the excited nerves, eases the throbbing muscles and painful joints, and filters out of the circulation the irritating matter which causes every painful symptom of the disease. When the blood has been purified and enriched by S.S.S., it nourishes the different members that have been weakened and starved because of imperfect blood. POSTAL WINS AN IMPORTANT CASE

ENJOINED FROM DEPRIVING POSTAL OF TELEPHONE.

Exorbitant Charges Were Proposed to Be Extracted From the Postal by Cumberland.

IN THE STATE OF TENNESSEE.

Nashville, Tenn., April 2.—Judge Edward T. Sanford, of the circuit court of the United States, handed down an opinion today granting to the Postal Telegraph Cable company an injunction against the Cumberland Telephone and Telegraph company (a Bell company), discriminating against the Postal in the way of the use of the telephone.

A similar injunction was granted in behalf of the Postal company against the East Tennessee Telephone company, which is a subsidiary company of the Cumberland Telephone and Telegraph company. It appears that the telephone companies refused to furnish telephones to the Postal Telegraph company for the same rental which was charged other subscribers to the telephone, and insisted upon the Postal Telegraph company paying to the telephone company fifteen per cent of the tolls taken by the Postal company on messages received over the telephone, and two cents on messages delivered by the telephone company over the telephone.

The Postal company refused to pay this commission and two cents a message, and the Cumberland Telephone company commenced taking out the telephones from the telephone offices and thereupon the Postal Telegraph Cable company applied to the United States court for an injunction. The decision just handed down sustains the contention of the telephone company and holds that the Postal company is entitled to telephone service at the same rate charged other business subscribers, and enjoining the telephone company from removing its telephones or otherwise depriving the Postal company of telephone service, because of its refusal to pay a higher rate.

It is understood that this same discrimination against the Postal company is practiced by various other Bell companies throughout the United States and that the above decision will put an end to this.

The Sound Sleep of Good Health.
The restorative power of good sleep can not be over estimated and any ailment that prevents it is a menace to health. J. L. Southern, Esq., of Nashville, Tenn., says: "For a long time I have been unable to sleep soundly at night, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley's Kidney Pills but a short time and now sleep as sound as a rock. I can enjoy my meals and my general condition is greatly improved. I can honestly recommend Foley's Kidney Pills as I know they have cured me."—Gilbert's drug store.

NEW RULES

ACCOUNTS OF CLERKS OF CORPORATIONS FORBIDDEN.

Small Offerings Must Be Taken at Top Prices—Limit on the "Specialist."

New York, April 1.—Recent occurrences on the New York Stock exchange, notably the collapse of the locking pool, caused the governors to adopt a number of new rules today to be enforced beginning April 4. The first sets forth "that the taking or carrying of a speculative transaction, in which a clerk of the exchange, or of a member of the exchange, or of a bank, trust company, banker, insurance company, or moneyed corporation, is directly or indirectly interested, unless the written consent of the employer has been obtained, shall be deemed an act detrimental to the interests and welfare of the exchange."

Another resolution sets forth "that every member of the exchange is required to use due diligence to learn the essential facts relating to every account accepted by himself or by his clerks or representatives, and also relating to the possible use of a name for the account other than that of the party interested."

A third resolution sets forth that the recognized quotation on stock "shall be public bids and offers on lots of 100 shares." And buyers of stocks are compelled to buy any or all of small lots offered at the time of a bid for a larger lot, up to the price offered for the larger lot. In other words, the governors desire to prevent a broker purchasing a stated amount of stock while smaller lots offered at a lower price are refused.

The so-called "specialist" on the exchange is limited in his activities by another resolution and other safeguards and reforms are inaugurated.

A Significant Fact

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription. Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration? Is it not a significant fact too that

Dr. Pierce's Favorite Prescription

Is the only medicine sold through druggists, for woman's peculiar weaknesses and ills, the makers of which are not afraid to print its every ingredient on its outside wrapper? Is this not worthy of your consideration if you are a poor sick invalid woman?

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

best previous records. New business comes forward in well sustained volume, and the fact that prices remain stationary is attributed to the largely increased capacity of the mills. Export business in rails has been a feature, however, recent sales for shipment abroad aggregating no less than 70,000 tons. Conditions in pig iron remain very much mixed, with a further sagging of prices in all directions.

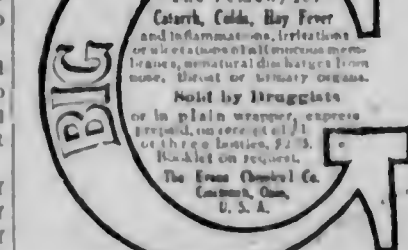

The jobbers in dry goods are getting good advance orders on fall lines but the house trade is seasonally quiet and buying is confined to immediate requirements. Curtailment of production in cotton manufacture is increasing, owing to the wide margin between selling prices and cost of production. Miscellaneous export trade has averaged well thus far this year, but in the absence of the China trade of last year, the shipments do not show up as well as a year ago to date.

In worsted circles, it is believed that the keen demand for woolsens, to the exclusion of worsteds, has dulled trade perspicuity. The yarn market continues very quiet.

A large movement of fall lines of heavy staples is reported by some of the New England manufacturers of footwear. Shoe shipments from Boston again show a decrease this week. The hide markets are less active. Leather business continues to improve, although trade is not generally active.

BIG FREIGHT RATE FIGHT OFF

RAILROADS FROM ATLANTIC TO THE ROCKIES AFFECTED.

Kansas City, St. Joseph and Omaha. Alleged that Rates Are Discriminatory.

GOVERNMENT FILES BRIEF

Washington, April 2.—The biggest freight rate fight since the passage of the Hepburn rate bill entered the final stages today, when the government filed in the supreme court of the United States a brief in the so-called Missouri river rate cases. They involved the interests of manufacturers, jobbers, merchants and shippers, who are protesting against the rates on goods shipped from the Atlantic seaboard to the Rock Mountains. The two cases which have attracted the most attention are those concerning the class rates on through shipments originating at Atlantic seaboard points and destined to the Missouri river cities. The third case involved the class rates from Chicago and from St. Louis to Denver.

The first two cases arise from an order of the interstate commerce commission effective Nov. 10, 1908, directing a reduction of the rates for the transportation of various classes of freight originating at Atlantic seaboard points, from Mississippi river crossings to the Missouri river cities.

The order was the result of complaints filed by a large number of individuals, partnerships and corporations, as shippers, jobbers and

wholesalers at Kansas City, St. Joseph and Omaha. They claimed that the rates were unjust, unreasonable and discriminatory, and that they discriminated in favor of St. Paul and Minneapolis.

The commission disposed of the case by ordering a reduction of the charges for transportation from the Mississippi river crossings to the Missouri river cities as a part of the through rate. The commission denied that the rates discriminated in favor of the Twin Cities.

Before the rates went into effect the controversy was taken into the courts by the railroads. The result was that the circuit court of the United States for the Northern district of Illinois held the order unlawful and beyond the power of the commission, because the mandate was the exercise of authority not specifically granted by the act to regulate commerce and resulted in artificially apportioning the country into zones tributary to given trade centers. One appeal by the commission and another by Missouri river shippers were taken to the supreme court.

The government is seeking to maintain the order of the commission, which, by the way, expires under the two-year rule on Nov. 10, 1910.

Paintings Sacrificed.

New York, April 2.—Half of a collection of 120 paintings which Hermann Linde, their late owner, valued at \$1,000,000, has been sold by the city of New York at auction for \$2,725. Linde died in poverty in the west several years after refuting large sums for some of his more important pictures. Since his death the old masters have been "waiting in a heap" in storage. The sale of the excellent collector's paintings has apparently not attracted nearly as many bidders as the auctioneer's job has proved a hard one.

Teachers Come to Paducah.

Paducah schools were visited by Misses Stevenson, Allen and Braute, of the Metropolitan schools, yesterday. The Metropolitan schools were dismissed in order that the teachers might visit the Paducah schools to study the methods used, but three of the Paducah teachers declined to do so, as they would not come to Paducah
